HEROES VS VILLAINS HAIRWARS 2017

This year's Hair Wars was spectacular-FILLER!

I was blown away by the imagination that came to life onstage, and the quality of your work FILLER

FILLER - Of course the theme this year really "hit home" with me as well! I saw everything from Austin Powers-inspired mod looks, to Scottish plaid, to epaulettes. There were nods to the monarchy and union jacks adorned hair, skin and even lips.

I am so proud of what we represent. Our Stylists have the vision, creativity and skill to compete on the runway - and the know-how to make our clients in the chair look and feel beautiful every day.

Cheers!
